

Bailey Beck

Software Engineer

Sarasota, Florida | (310) 547-7786 | baileybk2@gmail.com | Portfolio | LinkedIn | Github

SUMMARY

I am a creative, full-stack software engineer that strives for simplicity and functionality. I am passionate about identifying problems and creating robust solutions. My previous experience as an FAA certified flight instructor allowed me to fortify my exceptional people skills and perform technical and practical tasks in a leadership role. I truly enjoy and take pride in designing functional applications and creating a welcoming user experience.

SKILLS

Languages: Node.js, Python, JavaScript, HTML, CSS, SCSS, SQL, Mongoose, JSON, EJS

Libraries and Frameworks: React, Express.js, Django, Bootstrap

Databases and other: PostgreSQL, MongoDB, RESTful Routing, JSON API

Interpersonal skills: Solution driven, bilingual, teamwork, leadership

EXPERIENCE

Software Engineer Fellow | General Assembly | Remote | 05, 2024 – 08, 2024

- Successfully completed 420+ hours of a full-stack software development
- Delivered 4 projects across the full software development lifecycle
- Performed a Github project manager role in a project with 2 other software engineers
- Created several full-CRUD applications across multiple languages and frameworks

Assistant Greenhouse Manager | Mahoney's Garden Centers | Brighton, MA | 08, 2023 – 07, 2024

- Managed and accepted inventory shipments
- Provided expert and guided customer service

FAA Certified Flight Instructor | East Coast Aero Club | Bedford, MA | 02, 2021 – 11, 2023

- Led expert flight and ground instruction that met the needs of the individual student
- Achieved a 100% success rate with my students' pilot certifications
- Trained and onboarded new flight instructors
